

Mowbray School Ripon

Newsletter – Spring 2021

In January we celebrated our first birthday! It's been quite a year but we're still smiling and love all that the Ripon site has to offer. We've grown massively and continue to welcome new children and staff. The new year saw us welcome new teachers Mrs Scott and Miss Maiden as well as Miss Herbert and Miss Elton, new teaching assistants.

We are excited to announce that Finley's parents are raising money for a Sensory room for us! Please click the link, share it far and wide, and donate if you can. [Click here](#) THANK YOU!

On Friday 12th February, IJM and IPM celebrated Chinese New Year. We read the story of 'The Great Race' and learnt that 2021 is the year of the ox. We made Chinese lanterns, tried Chinese crackers and decorated our classroom with lots of colourful decorations and lanterns. We finished the day by receiving our very own lucky red envelope!

Spring Term STAR Pupils

IPM Zac

2DB Rain

IHSc Theo

IJM Thomas

IHS Oliver

IBC Jesse

2DB and IHSc have been very busy! We have explored our environment, how plants grow, we are trainee gardeners! We worked in the wellbeing garden, to dig up weeds and plant bulbs! We also practiced our art skills by using our bodies and other tools to create fabulous artwork!

We are working towards our Bronze **Eco School** Award and therefore need an Eco committee. It will meet on Wednesday lunchtime every 6 weeks. It would be lovely to have a parent representative, if you are interested please e-mail michelle.smith@mowbrayschool.co.uk. The first stage of our Well-Being Garden is complete! We aim to create a soothing outdoor space for children and adults to be in touch with nature. This area will offer opportunities for pupils to experience planting and growing plants to enhance understanding of "mouth to fork". If you have any spare gardening pots/tools or plants, they would be greatly appreciated. Thank you!
